## Homeowner Program Steps

### 1 COMPLETE THE PROGRAM SURVEY

Completing the program survey is the first step in receiving program assistance.

The survey can be completed on any smart phone, tablet or mobile device at [restore.la.gov](https://restore.la.gov), or by calling the program call center at 866.735.2001.

**The deadline to complete the survey is June 30, 2025. Homeowners who do not submit a survey by the deadline may not be considered for program assistance.**

### 2 ENVIRONMENTAL REVIEW

The federally required environmental review is the process of reviewing a project and its potential environmental impact to determine whether it meets federal, state and local environmental standards. The environmental review is conducted without an appointment and from the road or right-of-way.

### 3 COMPLETE THE PROGRAM APPLICATION

Qualified homeowners who submitted a program survey and have had an environmental review of their property performed by the program will be invited to complete the program application according to their phase. The application may be completed on any mobile device, such as a smart phone, computer or tablet, by accessing the link provided in the email sent by the program.

### 4 ELIGIBILITY REVIEW

The program will review the application and information from third-party sources to determine whether the homeowner meets eligibility requirements for the program. If the program is unable to verify information from third party sources, applicants may be required to submit supporting documentation for program review.

### 5 DAMAGE & LEAD ASSESSMENT

During a scheduled damage assessment appointment with the applicant, inspectors will use industry standard software to inspect work already completed and to determine a scope of work for prospective repairs needed to complete the home. The program will also send inspectors to test for lead-based paint in home constructed prior to 1978.

### 6 AWARD DETERMINATION

After steps 1-5 are completed, the homeowner will receive their calculated grant award which accounts for any duplication of benefits. The homeowner will have 60 days to either accept or appeal their award. Homeowners may also consult with their case manager during this period.

### 7 CONTRACTOR SELECTION

Prior to closing on their grant awards, applicants will be asked to select their contractor for any repair or reconstruction work. Applicants will be able to work with their case manager throughout the contractor selection process.

Please visit the program Resources page for more information on contractor selection:

### 8 GRANT AGREEMENT & EXECUTION

After accepting their award, the homeowner will meet with the closing team to sign their grant agreement.

### 9 REIMBURSEMENT, REPAIR, RECONSTRUCTION

Once the grant agreement is executed, the homeowner will be issued a reimbursement check and/or will be provided a grant award to repair or reconstruct their home. The allotted time for project repairs/reconstruction starts on the date the grant agreement is executed.
